

# I've Got My Sunshine

*I want to live in a world  
Where trees touch the sky  
Where water is plenty  
And wildlife runs free!  
Life is like a flower,  
The wind like a breeze...  
I know I'll be happy  
'Cause I feel at ease.  
Now I can say,  
"I've got my sunshine,"  
Now I can say,  
"I can be fine."*

## Environment

Ashish Mathew Kurian (10)

*Saving the Earth is your job  
Or else you will have to sob  
On your friends you can lean  
To keep your environment clean  
Don't be lazy or be crazy  
Let our Earth shine  
May you all be fine  
Let us all happily dine.*
